SELLING RAPIDLY

Is Stock in the Ohio Valley Oil and Gas Company

Dover News.

"Mr. Ed. Perrie is in Maysville this week in the interest of the Ohio Valley Oil and Gas Company. By the way, there is a stiff demand for this stock at present, stimulated by successful strikes in undeveloped territory and the rushing of development work on the leases adjoining us on the South, and if you want a few shares at the present price of 25c it would be well for you to place your order at once. It is just this way: The shares are cheap now, with the probability of becoming very valuable. The prospects of finding oil or gas in paying quantities are, to say the least, exceedingly favorable. If you lose you don't lose much. If you win you win big. It is worth while to take the risk. Come in and sign up for as many shares as you want. They are being taken rapidly."

Stock for sale by Harry Purnell, Maysville, Ky., who will give any information to the public.

Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This emptying of the bowels is very important, as with it comes a clear head, a lightness of step, good appetite and sound sleep. But if there is nothing better to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste—you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it of your druggist at fifty cents and one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Spangler of Strattonville, Pa., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it in that way and now write that it is their one family necessity next to food itself. If you are unfortunate enough to have a sickly child, one given to constipation and indigestion, you should send for a free sample of this remedy.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. H. Caldwell, R. 507 Caldwell building, Monticello, Ill.

THE PECK-WILLIAMSON UNDERFEED FURNACES AND BOILERS

Were living in perfect comfort all over the house. The Underfeed coal burning way—fuel fed from below—all the fire on top—insures as much clean, even heat from cheapest slack as highest priced coal which ordinary heating plants require. This enables Underfeed users to

SAVE 1/2 TO 3/4 OF COAL BILLS

Mr. J. E. Crider, President of the Crider Creamery Company, Freedom, Ky., relates his Underfeed experience thus:

"We installed one of your No. 739 Underfeed furnaces in our 12-room house about two years ago. We have found the furnace very satisfactory indeed. The furnace is extremely economical, fires easily and the heat is quite evenly distributed throughout the various rooms. We use nut and slack coal for fuel with perfect results and much prefer the Underfeed to any heating device with which we are familiar."

Send for our FREE books about UNDERFEED Furnaces and Boilers and let us PROVE that it will pay you to discard old-fashioned heating methods and install the satisfactory dividend-earning Underfeed. Heating plans and services of our Engineering Department all FREE. Write today.

Maysville People Give Credit Where Credit is Due

People of Maysville who suffer with sick kidneys and had backs want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only, made from pure roots and herbs, and the only one that is backed by cures in Maysville. Here's Maysville testimony.

Mrs. Elmer Bridges, 206 West Third street, Maysville, Ky., says:

"I consider Doan's Kidney Pills to be an excellent kidney remedy and one that deserves a trial by anyone afflicted with disordered kidneys. I was subject to attacks of kidney complaint from childhood, and as I grew older the trouble became more severe. In my efforts to find relief I tried remedy after remedy, but no benefit was obtained until I began using Doan's Kidney Pills, procured at J. J. Wood & Son's Drugstore. They proved to be just what I needed, going directly to the seat of my trouble and entirely relieving me. I always keep a supply of Doan's Kidney Pills on hand in case I have a return of the complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

between the light afforded by an ordinary carbon incandescent and the brilliancy of our new General Electric MAZDA lamp. The latter radiates two and one-half times as much light with the same amount of electric current.

of the 50-watt carbon lamp now in general use and costs one-fifth less to burn. We recommend its use to our customers as it more than cuts their light bills in two, making electric light so inexpensive that no home, however humble, and no store, however small, can afford to be without it.

LEFT HIS MOTHER FIFTY YEARS AGO; NOW SEEKING HER

Dayton (O.) Herald.

"Looking for his mother, whom he has neither
seen or heard from for the past fifty years,
John Stoker of Maysville, Ky., formerly of
Nicholas county, Ky., called upon city officials
here Wednesday to learn if his mother or
stepfather, John Crawford, were known in
this city.

"According to Stoker's story, his father died
when he was but a young child, and when he
was about seven years old his mother married
again to John Crawford, a widower, who had
two sons by his first wife.

"Stoker with his sister was 'bound out' to
Andrew Burns, in Nicholas county, by his
mother, from whom he has never heard directly
since that day. No effort was made to locate
the woman until the past week, according to
Stoker, who says he met a Negro in his home
town several days ago who told him he knew
the Crawfords resided in this city. Stoker,
with his married son, came to Dayton Wednesday,
acting on this information.

"The name does not appear in the City Directory,
and the officials know of no such family.
Any information regarding the mother would
be appreciated by J. L. Stoker, Maysville, Ky."

CHANGE YOUR GARB SUITABLE FOR FALL!

Our space in the paper does not permit us to enumerate the large, varied assortment we have brought
on for this fall and winter. Particular pains were taken in procuring the newest things for young and
would-be young men, but the older can rest assured that we have also looked after their interest.

GRAVENETTED WORSTED and CASSIMERE RAINCOATS

Will again be sought after this coming season. The quantities we bought in this line of goods will again
place us in a position to sell the best \$20 Gravenetted Raincoats and Overcoats for \$15. Should any
readers feel skeptical about this we will ask them to "Investigate."

BLUE SERGES FOR EARLY FALL

Will again be very popular. In this line we are particularly well equipped, having recently made some
very advantageous purchases. Notwithstanding that the price of this material has materially advanced, we
are still selling a splendid heavy-weight Blue Serge Suit for \$14.50. This Suit you are absolutely buying
for less money than they can now be bought for by clothing merchants.

You want good lines, good style, good fabrics, good tailoring, good fitting, in your
suits and dresses. Let us show you how fully our stock embraces these requisites.

Remember we are not offering the usual small early season selection but dozens of

settled before the problem of millinery arises.

Richmond, Ohio, through Rev. R. W. Christain,
colored, their traveling salesman, has just sold
nearly \$800 worth of handsome pews and
other furnishings and art windows to the new
Christian Church at Orangeburg, and the M.
E. Church at Ewing also bought nearly \$300
worth of art windows from Rev. Christain,
who is about the only successful colored trav-
eling man touring this territory. Rev. Chris-
tain is a native of Charlottesville, Va., was
educated in Kentucky and now lives in Mid-
dleport, Ohio. His success on the road shows
what enterprise and integrity in the colored
race can accomplish. That the white people
draw no color line in business is evidenced by
the way they treat Rev. Christain.

REPUBLICAN TICKET.

FOR CONGRESS—Hon. J. B. Bennett of Greenup county.

FORCED to face the fact of the great benefit which comes to the American farmer by reason of Republican Tariff legislation, the Democratic United States Senators who recently submitted their minority report on the question of wages and prices seek to deceive that prosperous element in our population into the belief that it is Free Trade and not Protection that this country should have.

Notwithstanding the increase in the price of farm products, the farmer, they say, "has realized a small net return on his labor and investment."

Time has gone by, however, when shiftless gentlemen can make the American farmer believe that sort of nonsense. The farmer has come into his own and Republicans are glad of it. He knows that conditions were never before better for him than right now, and he will not take kindly to the suggestion which the Democrats make in this campaign that he help put them back into power. Many of them are old enough to remember the last Democratic Administration, which put into force Free Trade ideas in this country and compelled farmers to endure four years of awful adversity. Things are different now. Now he is prosperous, and he knows the reason why. To quote a leading authority: "Today there is not a farmer in the country who, for a given quantity of his products, cannot buy and lay down at his door more of the necessities of life, more of cloth-

ing, more of everything that goes to make up the comforts of a home, notwithstanding the high prices, than ever before in the history of our country."

Under these circumstances the Democratic doctrine of discontent and disaster appeals to the American farmer only as something to be spurned.

THE greenest man in the world is the would-be business man who never advertises, and the next greenest is the purchaser who never reads advertisements.—Whitesville (N. Y.) News.

MUSIC'S charms do not always soothe the savage breast. A Negro recently went mad in Church, and after first shooting his mother-in-law and the Minister, attempted to slay the Organist. The circle would have been complete had a musical critic happened to be in the vicinity.

THE following story is told of CHARLES FROHMAN, the American impresario: He was attending a rehearsal of one of his musical productions, and complained to the Conductor that the orchestra was playing too loud. "But it is marked forte," explained the man with the baton. "Well," replied Mr. FROHMAN, who is not a musical man, "make it thirty-five."

WORD comes from Paris that MASCAGNI has invented a musical typewriter which can be fitted to any piano and will write down the tune played on the instrument. It works automatically and makes no mistakes, so that a composer can in future spare himself the work of noting down on paper the pieces he composes at the piano. A more useful invention would be a vocal typewriter to write down the words of a song so that audiences could tell what singers are singing about.

Maysville Wallops Paris Champs in Classy Game—Chase the Real Goods

Despite the threatening weather and damp grounds over 300 enthusiastic fans were at the Ball Park yesterday afternoon to see the Maysville team put it on the Paris champions by the happy score of 2 to 0.

It was one of the greatest games ever pulled off on the local diamond, and with Chase in the box it grew real monotonous the way he reeled out the Paris boys and stacked up nine large oblong goose eggs.

Maysville got in a run each in the seventh and ninth innings, and made two hits to one for Paris.

Following was the score:

1 2 3 4 5 6 7 8 9 R. H. E.
Maysville.....0 0 0 0 0 1 0 1—2 2 0
Paris.....0 0 0 0 0 0 0 0—5 7 1

Umpire—Feye.
Time of game—1:30.

The second game was stopped in the third inning by rain, but later eight innings were played in the mud, Paris winning 8 to 0. There was no contest worth recording.

The Regulars will play the Portsmouth Midgets Sunday and two games Monday, Labor Day, morning and afternoon. No Maysville team has ever succeeded in beating the Midgets, but the Regulars have secured the services of two crack pitchers in London and Davenport. With the aid of these two stars and our own star twirler, Warren, they promise to make things interesting for the Ohio boys. Sunday game called at 3 p. m.

LEXINGTON, Ky., September 1st.—It was reported here today that the American Tobacco Company has bought from the Burley Tobacco Society 118,000,000 pounds of tobacco remaining in the pool of 1909, and has taken an option on the entire pool of 1910.

The average price paid is said to have been 18 cents per pound.

President Clarence Lebus and other officials of the Burley Society refused to deny or affirm the report, but it is known that the Executive Committee has been considering all week an offer for the 1909 pool.
